

# **SKYJACKER** 2-2.5" 2006 Honda Ridgeline 4WD Lift Kit

Spacer kits are in high demand and produce optimum results for the amount of money spent. Specifically designed for the Honda Ridgeline, these Spacer Kits add 2-2.5" of lift to the struts or coil springs. They are red powder coated steel fabricated units. They include all the parts & hardware necessary to bolt on this simple, but effective lift. No cutting or welding is involved and standard tools get the job done.

## **JACK-IT™ 2"-4" 72-82 Int. Scout II, Terra & Traveler Lift Kit**

Jack-it has 2" and 4" suspension kits for your 72-82 Scout II. The 2" kit will clear 31x10.5 tires on 15x8 wheels and the 4" kit will clear 33x12.5 on 15x8

wheels. We recommend CV front and rear driveshafts for these kits. It will make your Scout II drive nice and smooth with no vibrations.

Standard kit includes Front & rear Skyjacker softride leaf springs, (4) Pro-comp ES3000 shocks with black boots, spring eye and frame shackle bushings, u-bolt kits,

Deluxe kit includes all items in standard kit plus, Pro Comp ES2000 steering stabilizer with brackets and black shock boot, (4) Poly tie rod dust boots

Premium kit includes all items in deluxe kit plus, shackle reversal kit for the front, this will improve the ride and the way it will climb off road. If you decide to install the premium kit, it will require welding to install the shackle reversal kit and you will have to notch the bottom of the front bumper to clear the brackets on the reversal kit. You also will need to lengthen the front driveshaft or it will pull apart off road with this reversal kit installed.
