

## **INSTALLATION INSTRUCTIONS**

### **2011-12 FORD F250/F350/F450 8-LUG 4WD REAR SWAY BAR LINK KIT**

**FTS92033**

**Fabtech Motorsports** | 4331 Eucalyptus Ave. Chino, CA 91710

**Tech Line:** 909-597-7800 | **Fax:** 909-597-7185 | **Web:** [www.fabtechmotorsports.com](http://www.fabtechmotorsports.com)

**- PARTS LIST -**

	<b>FTS92033</b>	<b>REAR SWAY BAR LINKS</b>
1	FT30475	NUT TAB
2	FT30476	SWAY BAR EXTENSION
8	FT1004	SWAY BAR LINK BUSHING HALF
4	FT50089	SLEEVE .625X.507X1.480 4 PACK
8	50000005081	1/2 SAE WASHER G8 ZINC
4	50132501081	1/2-13 X 2-1/2 HEX BOLT G8 ZNC
3	50130004152	1/2-13 C-LOCK NUT ZINC
1	FTLOCK	THREAD LOCKING COMPOUND 1 MIL
1	FTAS12	STICKER FT BLUE 10X4 DIE CUT
1	FTREGCARD	REGISTRATION CARD
2	FT92033I	INSTRUCTIONS

**- TOOL LIST -**

**Required Tools (Not Included)**

Floor Jack  
 Jack Stands  
 Assorted Metric and S.A.E sockets, and Allen wrenches  
 Die Grinder

**- PRE-INSTALLATION NOTES -**

***Read this before you begin installation-***

Check all parts to the parts list above before beginning installation. If any parts are missing contact Fabtech at 909-597-7800 and a replacement part will be sent to you immediately.

Read all instructions thoroughly from start to finish before beginning the installation. If these instructions are not properly followed severe frame, driveline and / or suspension damage may occur.

Check your local city and state laws prior to the installation of this system for legality. Do not install if not legal in your area.

Prior to the installation of this suspension system perform a front end alignment and record. Do not install this system if the vehicle alignment is not within factory specifications. Check for frame and suspension damage prior to installation.

The installation of this suspension system should be performed by two professional mechanics.

Use the provided thread locking compound on all hardware.

Do not combine this suspension system with any other lift device or parts.

This suspension must be installed with Fabtech shock absorbers.

**WARNING-** Installation of this system will alter the center of gravity of the vehicle and may increase roll over as compared to stock.

For technical assistance call: 909-597-7800 or e-mail: [info@fabtechmotorsports.com](mailto:info@fabtechmotorsports.com)

## - INSTRUCTIONS -

1. Disconnect the negative terminal on the battery. Jack up the rear end of the truck and support the frame rails with jack stands. **NEVER WORK UNDER AN UNSUPPORTED VEHICLE!** Remove the rear tires.
2. Remove the factory sway bar link on the driver side using a die grinder. **SEE FIGURES 1-2**

3. Remove the bolt attaching the factory link to the sway bar and discard the link. **SEE FIGURE 3**

4. Locate the one FT30476 sway bar link, four FT1004 bushings, and two FT50089 sleeves. Press the bushings and sleeves into the barrels on the sway bar links. **SEE FIGURE 4**

5. Using a 1/2" drill bit, drill out the sway bar to 1/2". **SEE FIGURE 5**

6. Locate the FT30475 nut tab, one 1/2"-13 x 2-1/2" bolt and a 1/2" washer. Mount the link to the frame using the hardware listed above. Torque to 90ft-lbs.

**SEE FIGURES 6-7**

**FIGURE 6**

**FIGURE 7**

7. Mount the lower end of the link to the sway bar one 1/2-13 x 2-1/2 bolt, two 1/2" washers and one c lock nut. Torque to 90ft-lbs. **SEE FIGURE 8**

**FIGURE 8**

8. Repeat steps 1-6 on the passenger side. Use a 1/2" c lock nut on the passenger side upper. Nut tab is not needed.
9. Recheck all bolts for proper torque.
10. Complete product registration card and mail to Fabtech in order to receive future safety and technical bulletins on this suspension.

**Vehicles that will receive oversized tires should check ball joints and all steering components every 2500-5000 miles for wear and replace as required.**

**RETORQUE ALL NUTS, BOLTS AND LUGS AFTER 50 MILES AND PERIODICALLY THEREAFTER.**

For technical assistance call: 909-597-7800

## - Product Warranty and Warnings -

Fabtech provides a Limited Lifetime Warranty to the original retail purchaser who owns the vehicle, on which the product was originally installed, for defects in workmanship and materials.

The Limited Lifetime Warranty excludes the following Fabtech items; bushings, bump stops, ball joints, tie rod ends, limiting straps, cross shafts, heim joints. These parts are subject to wear and are not considered defective when worn. They are warranted for 60 days from the date of purchase for defects in workmanship.

Take apart shocks are considered a serviceable shock with a one year warranty on leakage only. Service seal kits are available separately for future maintenance. All other shocks are covered under our Limited Lifetime Warranty.

Fabtech does not warrant any product for finish, alterations, modifications and/or installation contrary to Fabtech's instructions. Alterations to the finish of the parts including but not limited to painting, powdercoating, plating and/or welding will void all warranties. Some finish damage may occur to parts during shipping which is considered normal and is not covered under warranty.

Fabtech products are not designed nor intended to be installed on vehicles used in race applications or for racing purposes or for similar activities. (A "RACE" is defined as any contest between two or more vehicles, or any contest of one or more vehicle against the clock, whether or not such contest is for a prize). This warranty does not include coverage for police or taxi vehicles, race vehicles, or vehicles used for government or commercial purposes. Also excluded from this warranty are sales outside of the United States of America.

Installation of most suspension products will raise the center of gravity of the vehicle and will cause the vehicle to handle differently than stock. It may increase the vehicle's susceptibility to a rollover, on road and off road, at all speeds. Extreme care should be taken to operate the vehicle safely at all times to prevent rollover or loss of control resulting in serious injury or death. Fabtech front end Desert Guards may impair the deployment or operation of vehicles equipped with supplemental restraining systems/air bag systems and should not be installed if the vehicle is equipped as so.

Fabtech makes every effort to ensure suspension product compatibility with all vehicles listed in the catalog, but due to unknown auto manufacturers production changes and/or inconsistencies by the auto manufacturer, Fabtech cannot be responsible for 100% compatibility, including the fitment of tire and wheel sizes listed. The Tire and Wheel sizes listed in Fabtech's catalog are only a guideline for street driving with noted fender trimming. Fabtech is not responsible for damages to the vehicle's body or tires.

Fabtech's obligation under this warranty is limited to the repair or replacement, at Fabtech option, of the defective product only. All costs of removal, installation or re-installation, freight charges, incidental or consequential damages are expressly excluded from this warranty. Fabtech is not responsible for damages and/or warranty of other vehicle parts related or non related to the installed Fabtech product. This warranty is expressly in lieu of all other warranties expressed or implied. This warranty shall not apply to any product that has been subject to accident, negligence, alteration, abuse or misuse as determined by Fabtech.

Fabtech suspension components must be installed as a complete system including shocks as shown in our current catalog. All warranties will become void if Fabtech parts are combined and/or substituted with other aftermarket suspension products. Combination and/or substitution of other aftermarket suspension parts may cause premature wear and/or product failure resulting in an accident causing injury or death. Fabtech does not warrant products not manufactured by Fabtech.

Installation of Fabtech product may void the vehicles factory warranty; it is the consumer's responsibility to check with their local vehicle's dealer for warranty disposition before the installation of the product.

It is the responsibility of the distributor and/or the retailer to review all warranties and warnings of Fabtech products with the consumer prior to purchase.

Fabtech reserves the right to supercede, discontinue, change the design, finish, part number and, or application of parts when deemed necessary without written notice. Fabtech is not responsible for misprints or typographical errors within the catalog or price sheet.
