

GAP GUARD INSTALLATION INSTRUCTIONS.

△WARNING

Read and understand all instructions, warnings, cautions, and notes in this sheet before you begin gap guard installation.

Always wear eye protection when operating power tools.

△NOTE

No two vehicles have holes spaced identically. If you are stretching a hole on the gap guard too much, punch another hole with a 1/4" paper punch. Most stock guards mount from the inside, but our gap guards mount from the outside. Kit parts are prefaced by the word *kit* in italics.

A. Before you start.

- Read all warnings and instructions completely and carefully before you begin.
- 2. Check to make sure the kit is complete (refer to the Parts List).
- 3. Only install this kit on the vehicle for which it is intended.
- Park the vehicle on a clean, dry, flat, level surface and block tires so the vehicle cannot roll in either direction.
- 5. Remove and discard stock gap guards from wheel wells.

B. Install the kit.

- 1. To install this kit you will need:
 - Drill
 - 1/4" drill bit

2. Front.

- a. Locate kit gap guard marked ####-1.
- b. At driver side front wheel well, position *kit* gap guard to cover side of engine compartment.
- Mark a top hole and drill if necessary with a 1/4" drill bit.
- Install kit plastic fastener through kit gap guard and into the wheel well.
- e. Check alignment and mark next hole while keeping *kit* gap guard snug.
- f. Proceed with steps d. and e. until *kit* gap guard is installed
- g. Repeat steps b. through f. for front passenger side/kit gap guard marked ####-2.

3. Rear.

- a. Locate kit gap guard marked ####-3.
- b. At driver side rear wheel well, position *kit* gap guard in wheel well and mark first hole to be drilled.
- c. If necessary drill hole with 1/4" drill bit, insert *kit* plastic clips through *kit* gap guard and press into hole in wheel well.
- d. Realign *kit* gap guard in wheel well, mark and drill the next hole. Insert *kit* plastic clips.
- e. Repeat steps c. and d., keeping *kit* gap guard snug.
- f. Repeat steps b. through e. for rear passenger side kit gap guard marked ####-4.
